

Service Ratemaking for Natural Gas Pipelines and Regulation of Negotiated Transportation Services of Natural Gas Pipelines issued January 31, 1996 at Docket Nos. RM95-6-000 and RM96-7-000.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

**David P. Boergers,**

*Acting Secretary.*

### Federal Energy Regulatory Commission

[Docket No. CP97-331-001]

#### Transcontinental Gas Pipe Line Corporation; Notice of Amendment

May 6, 1998.

Take notice that on April 27, 1998, Transcontinental Gas Pipe Line Corporation (Transco), Post Office Box 1396, Houston, Texas 77251, filed in Docket No. CP97-331-001, an application as supplemented on May 4, 1998, pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Federal Energy Regulatory Commission's (Commission) regulations, to amend the certificate of public convenience and necessity issued in Docket No. CP97-331-000 on January 15, 1998, to authorize Transco to uprate two compressor units, all as more fully set forth in the petition on file with the Commission and open to public inspection.

Transco seeks to uprate compressor units 3 and 4 at its Station 100 in Chilton County, Alabama, from 5,000 horsepower to 6,000 horsepower each. Transco states that the certificate authorized Transco, among other things, to re-wheel compressor units 3 and 4 at Station 100.

Any person desiring to be heard or making any protest with reference to said application should on or before May 18, 1998, file with the Federal

Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or person to whom the protests are directed. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents issued by the Commission, filed by the applicant, or filed by all other intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must serve copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as filing an original and 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of such comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents, and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission, and will not have the right to seek rehearing or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held

without further notice before the Commission or its designee on these applications if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Transco to appear or be represented at the hearing.

**David P. Boergers,**

*Acting Secretary.*

[Docket No. GT98-39-000]

#### Trunkline Gas Company; Notice of Proposed Changes in FERC Gas Tariff

May 6, 1998.

Take notice that on April 30, 1998, Trunkline Gas Company (Trunkline) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets to be effective June 1, 1998:

Third Revised Sheet No. 5  
First Revised Sheet No. 5A  
First Revised Sheet No. 5B  
First Revised Sheet No. 5C

Trunkline states that the purpose of this filing made in accordance with Section 154.106 of the Commission's Regulations, is to revise the system map to reflect changes in the facilities and the points at which service is provided. Specifically, the maps reflect the abandonment of facilities in south Texas as authorized in Docket No. CP97-173-000 (81 FERC ¶ 61,351) and new delivery points in Kentucky and Louisiana as authorized in Docket Nos. CP97-273-000 and CP96-546-000, respectively.

Trunkline states that copies of this filing are being served on all affected customers and applicable state regulatory agencies.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the
